

We Serve Wyoming

Lions of Wyoming: A Season of Service and Dedication

As District Governor for the Lions of Wyoming, I've had the pleasure of visiting clubs across the district, and I am truly inspired by the incredible work being done in our communities. Each club is a testament to the Lions' mission of service, bringing people together to make a tangible difference in the lives of others.

Our district is alive with meaningful service projects. Clubs have been helping citizens with eye glass grants and cataract surgeries, honoring veterans, organizing efforts like the Empty Stocking Fund to ensure no family feels forgotten, and assembling Christmas boxes and toy drives to spread holiday cheer to children in need. These projects embody the true spirit of Lions' dedication to serving our neighbors.

In addition to service, many clubs talked about their fundraising efforts. From fishing derbies, pancake breakfasts, golf tournaments, family-friendly turkey shoots, snowmobile raffles, holiday bazaars, Christmas gift raffles and ice fishing derbies, these events not only raise vital funds for community programs but also foster camaraderie and fun in our communities.

It's heartwarming to witness the creativity, dedication, and hard work of Lions across our district. You are each making a profound impact, proving that even small acts of service can ripple out to create meaningful change.

As we start the new year, I encourage all our Lions to continue striving toward our shared vision. Make your mark! Be unstoppable! Together, we can strengthen our communities and change the world!

Yours in service,
Bonnie Harrison
District Governor
Lions of Wyoming

Club News

Burns Lions Club

Our club has been at it again. We had our Charter Club Meeting August 1st. We helped serve food at National Night Out with the Sheriff's Department August 6th, we served food for back to school night in Burns, August 15th and we had the Lions Train in our homecoming parade, carrying the Homecoming Royalty September 26th. We also have a Fall Social/Dance coming up October 26th and a Co-Ed Volleyball Tournament November 15-16th. And we have inducted 7 new members since August 1st. We have 47 charter members.

Burns Lions Club chartered June 13, 2024.

PDG Ken Moore, CO and PDG Gary Roadifer presents Kayla Madler a Melvin Jones Fellow.

Submitted by The Burns Lions Club

Gillette Lions Club

The Gillette Lions Club is celebrating its 100th anniversary. The club hosted its 13th annual turkey shoot. A Savage Revel Classic 22 LR Lever Action rifle, featuring a walnut stock, an 18-inch barrel, and a 12+1 capacity, was raffled off. Tickets for the raffle were sold at \$10 each, with a total of only 200 tickets available.

Submitted by Stu Bechtel

Cody Lions Club

The Cody Lions Turkey Day Shoot took place on Saturday, November 23. They sold nearly 2,200 tickets for the loaded 2024 Toyota truck. Additionally, they donated or gave away 5,000 turkeys and game hens.

Newcastle Lions Club

Pinnacle Bank of Wyoming's Newcastle branch has an annual fundraiser called Festival of Trees on the first Friday in December each year. Various organizations can apply for those funds. Newcastle Lions club was one of five organizations approved to receive a portion of those funds. Our club members had a table there from which we serve snacks and mingled with attendees to encourage upping their bids on the silent auction items as with the regular auction.

Thanks to our newest member, Todd Roseborough, for spearheading this effort.

For several years our club has maintained an abandoned cemetery that is on private property. With our withering and aging membership, we are unable to do the work ourselves. For a time, we were able to have the inmates at the Wyoming Honor Conservation Camp do the work. They will no longer provide that service, so we are soliciting help from other entities.

Submitted by Leonard Nack

Casper Mountain Lions Club

Thanks to our new member, Lion Hubert Townsend, we now have a clear answer for those asking where to donate used eyeglasses in Casper. When someone learns you're a Lion, they often ask, "Where can I donate my old glasses?"

Lion Townsend joined our club in May 2024 and has truly revitalized the eyeglass collection efforts in Casper. He has installed a drive-up drop box on Country Club Road, near the intersection of 12th Street and Country Club Road. To his surprise, this drop box has received many donations, all without any publicity other than word of mouth.

Additionally, he has set up collection boxes at various ophthalmology and optometry offices. One of his unique strategies involves visiting different churches in the area and asking if he can place a collection box in the foyer for a few Sundays. He also requests that the staff announce the initiative at the end of services, encouraging congregants to bring their old eyeglasses over the next two Sundays. In one instance, he was invited to explain the Lions of Wyoming program during a service.

Lion Townsend has expressed how much he enjoys getting out into the community and meeting new people around the city.

Casper Mountain Lions Club delivered 40 turkeys to Holy Cross Center Food Bank in North Casper this morning. Attached are photos for social media. Pictured is Crystal Jensen Walmart Department Manger who came in on her day off to have the turkeys ready for delivery this morning. Pictured is Lion . Bob Porter and Vivian Graf former employee of Wal-Mart who helped with the arrangement of the project. Lion Joe Koenig is a volunteer of the Holy Cross Food is pictured wheeling in the part of the donation.

Cheyenne Sunrise Lions Club

One of the ongoing projects of the Sunrise Lions Club is the vision screening of pre-school-aged children. From September through November of 2024, the club has visited 6 locations in Cheyenne to test the vision of children. Using a PlusOptix screening camera, one of the Lions takes a photo of the child's eyes. The camera analyzes the eyes and gives a Pass/Refer rating. The parents of a child with a Refer rating are given a referral report to give to their eyecare professional for further evaluation. So far this school year, we have screened 142 children and referred 6 of them. The average age of the kiddos is about 4 years old. Most of our club's screeners are retired educators who realize the importance of a child having good vision before learning to read.

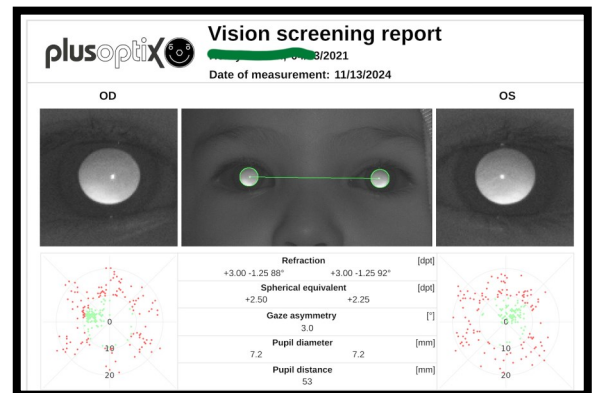

In addition to screening the vision of the children, we provide each of the students at the facility with a small age-appropriate paperback book for them to take home. Our Literacy Project has handed out several thousand books to children over the last decade.

More day care and pre-school screenings are being scheduled for after the first of the year, including a screening to assist the Pine Bluffs Lions Club at a day care facility in their community.

Support for the screenings and the book donations comes from the club's annual Ride for Sight event, held each August.

Shown in these photos is a young girl "posing" for her vision screening. Also shown is a portion of a referral report sent home to the parents of a child needing further evaluation.

Sheridan Sundowners Lions Club

Sheridan Sundowners Lions Mane Event Gravel Grinder Bike Ride Held this Fall

Sheridan Sundowner Lions Club held their 4th annual Mane Event bike ride fundraiser on September 28 on the gravel roads around Wyarno, 9 miles east of Sheridan. Riders had choices of 25, 50 or 80 mile rides.

All the rides started and finished at the Wyarno Bar and Grill. This year lunch was delicious fresh locally grown beef hamburgers donated by Western Heritage Meat Co. of Sheridan. There were 48 riders signed up for the event which were all over 75% on non-paved roads back in the hills. The course is very popular with the riders, as it features lots of hills and beautiful views of the wide open country Wyoming is famous for. The weather was cool and comfortable, with great temperatures, no wind or rain. Local riders competed with cyclists from Billings, West Yellowstone, Cody, Denver, Fort Collins, Gillette, and South Dakota, among others.

During lunch raffle tickets were drawn for men's and women's sunglasses donated by Wyo Vision Associates of Sheridan and an art print entitled "American Indian" created by Western Artist, Cameron Blagg. We had a special guest speaker, Mark Bucksen, who shared how our club helped him save his sight after he contracted a very aggressive type of cataract disease. Final entertainment was local band, Tres Amigos, featuring our very own Lions member of 52 years, Bill Rathburn.

The Sheridan Sundowners Lions Club would like to thank all of our participants, volunteers, and sponsors. We invite you back for our fifth annual Mane Event Gravel Grinder, scheduled for September 27, 2025. For more information, please visit our website: maneeventgravel.com

Pine Bluffs Lions Club

Pine Bluffs Lions donates 10 sweatshirts to the Pine Bluffs Senior Center.

Pine Bluffs Lions donates 10 sweatshirts to the Pine Bluffs Elementary.

Lion President Tanya Lyons recognizes the Pine Bluffs High School Student of the quarter, Luiz Martinez along with his parents Janette and Luis Martinez.

The District 15 winning Peace Poster is artist Taryn Rohaley, a 6th grader at Pine Bluffs Elementary. This year's theme is "Peace Without Limits".

Lion President Tanya Lyons ringing the bell for the Salvation Army.

The Pine Bluffs Lions hosts the Author's Winter Festival. Twenty-one authors were in attendance, displaying and selling their books to the public. The event was in seasonal festive: cookies galore, hot chocolate, coffee, and holiday decorations. Santa Claus was also present to add to the event.

Liz Roadifer has her books displayed.

Laramie Plains Lions Club

Laramie Plains Lions Club donated \$550 worth of haircut supplies to the Wyoming National Guard stationed in Syria.

We discovered that our troops were unable to get “comfortable” haircuts on the post. The only barber, a local, has equipment that is old and in very poor condition. In an effort to support our Wyoming troops we donated and shipped: clippers, capes, scissors, and beard trimmers to the only barber who cuts their hair.

The Laramie Plains Lions Club always has an Ice Fishing Derby the first full weekend of January at Beautiful Lake Hattie Wyoming. Our club has taken on the project of taking care of the picnic area. This year we were able to re-stain all the tables. Pictured are Lion Mike Heller and Lion Lew Lyon hard at work.

Next summer we hope to repair the cooking grills and put another coat of stain on the tables

PDG Lee McDonald did a very good job as supervisor.

Laramie Plains Lions Club

The Laramie Plains Lions Club (LPLCI) celebrate their Charter Day (9 April 1965). The LPLCI was sponsored by the Laramie Lions Club (Chartered 1920). Lion Clint Harris has been a Lion the longest of members, starting with the LPLCI in 1973, transferring to Mountain View Lions, then to Evanston Lions, and back to LPLCI. However, Lion Lew Lyon has the longest continuous longevity membership in the club. When asked when he became a Lion he said he could not answer since the Lions motto of Service to Others has applied to him forever. His first impression of Club membership was not favorable as his experience with a clubs' members using the facilities that he worked at in the early seventy's spent more time in the bar living from paycheck to paycheck. In the spring of 1983 Lion Calvin VanZee invited Lew to attend a meeting of the Laramie Plains Lions Club for breakfast. Those club members were primarily educators and a few businessmen who had to work during the day. Therefore, they got down to club business quickly. Fund raising and projects were done on weekends. At the time there were three Lions Clubs (Laramie Lions, Laramie Plains, an Evening Club) and the Gem City Lioness Club. In 1983 the primary fund raising project was selling firewood. Charter member Lion Crede Wheat would take his draft horses to the mountains, drag logs to his semi, and haul the timber to Lion Dick Strom's ranch to be stored, cut, and split. In 1992 the LPLCI partnered with the Laramie Chamber Ag Committee starting the Annual Ice Fishing Derby splitting proceeds. In all those years only one time was the Derby canceled due to lack of ice. Once the Laramie Chamber Ag Committee dissolved, the LPLCI continued to host the Derby with the 2024 Derby being our 31st successful fund raising event. Our club supports the Albany County Fair Youth Awards, Recycling Eyeglasses. Lions Sight Conservation, Downtown Health Clinic at the local level. At District 15 (State of Wyoming) level we support the Allen H. Stewart Lions Camp and the Lions of Wyoming Foundation. At the Regional/National level we support the Rocky Mountain Lions Eye Bank, the Rocky Mountain Lions Eye Institute Foundation, Leader Dogs for the Blind, Lions Clubs International Foundation.

Riverton Lions Club

RIVERTON LIONS CLUB 2024 RECAP

Busy and rewarding year starting out with an RV camping trip to Custer State Park the last weekend in June. Spectacular visits to Mt. Rushmore, Chief Crazy Horse Monument, Needles Highway, 1880 Train Ride, Jewel Cave, and other fun places to shop and eat.

Then we came back and finished up our peach and pear fundraising project. We pre-sold about 450 cases of peaches and 150 cases of pears June through July and arranged customer pickup in early August. It wasn't chaotic when everyone came in on an early 3 hour Saturday morning to pick up their order, but a canopy and lawn chairs were not in much use the morning.

The Club put together a nice float used in the Lander and Dubois 4th of July celebrations, finishing up with the same float (plus improvements) in the Fremont County Fair parade.

Finished up the year with our annual Pancake Supper on December 9th at the Riverton Elks Club facility. We fed about 140-150 people in a 2-hour period and asked that the patrons bring canned good(s) to help the Elks Club reach their goal of providing holiday meals to 200+ families.

Our ongoing project is to build a bathroom facility at the Lions Picnic Shelter in Sunset Park. Grant requests to help with the cost were enough to move forward on Phase 1 of 2 with the help of Wind River Job Corps.

Weekly meetings continue to provide fellowship and laughter, always an enjoyable time. Having a speaker is an added share that encourages new ideas to help our community.

About 25 individuals gathered at the Wyoming Capitol for a proclamation reading, recognizing October 15, 2024 as White Cane Awareness Day. Cheyenne Sunrise Lions Club was a cosponsor of the event. Area Lions were in attendance. President Cheryl Godley of the Wyoming Council of the Blind emphasized the importance of advocacy for the visually impaired and raising awareness among sighted individuals. She explained the importance of Friday's gathering. "This is pretty exciting because what it does is, it's an opportunity to advocate on behalf of people with visual impairments. The white cane allows us to navigate our environment and be oriented to what is around us. And then the white cane also serves as a reminder to people who are sighted, to be more aware and more considerate."

Lions of Wyoming

Gary Roadifer, LICF District Coordinator

Congratulations to the 3 winners of the Razzle/Dazzle Raffle: Gail Heimback of Cheyenne Sunrise Lions, Diane Lyons of the Pine Bluffs Lions, and Kevin Record of the Gillette Lions. Each winner won a MJF or a Progressive MJF. I thank all the Lions and Lions Clubs of Wyoming that participated in the raffle. With your support, the raffle raised \$3,200 for Lions Clubs International Foundation.

District 15 Goal for 2024-2025 is \$26,977. Based upon 884 Lion members, this equals \$30.50 a year per member, which is \$2.54 a month or \$0.36 a day.

I encourage all lions to become monthly donors to LCIF. You choose what you want to donate each month, as little as \$1.00 a month up to \$100.00, you decide. If you decide to be a monthly donor, go to the link, and sign up.

https://www.lionsclubs.org/en/donate?utm_source=LCIF-homepage-photo-lockup&utm_medium=button&utm_campaign=LCIF-donate

Greetings, Lions of District 15

As Global Service Team Coordinator (GST), I was just looking through all the service activities that Lions District 15 clubs have reported throughout the year in the Lions Portal.

Lots of great activities and community service there!

I'd just like to emphasize, for those clubs that haven't been able to report their service activities on a regular basis, that I am here to help you!

If you don't have time to input your own activities, just send me the info – what the activity was, how many Lions in your club participated, how many non-Lions if any, how many hours were spent on the project, and so on, and I'll be happy to input this data for you.

And if you'd like me to write up accounts of your club's service projects for *We Serve*, I'll be happy to do that as well!

Let's Serve in the New Year!

Barbara Peterson

Lions of Wyoming: Marketing Grant Fuels Growth and Awareness

Fellow Lions,

As I have visited clubs across the district this year, one of my key messages has been the importance of marketing our clubs—telling our communities who we are and what we do. Lions Clubs play a vital role in our neighborhoods, and it's time to amplify our voice so more people can join us in serving others.

I am thrilled to announce that I applied for and received a Marketing Grant from Lions Clubs International (LCI) to support this mission.

The Challenge and Our Goal

When applying for the grant, I identified a significant issue: declining membership in Lions Clubs across Wyoming. To address this, our initial goal is to increase public awareness of the Lions Clubs across the entire state. Our ultimate objective is to grow our membership by 20%.

How You Can Use the Grant Funds

I would like to use a portion of this grant money to help clubs within our district promote their events. If your club has an upcoming event and would like to advertise it, please send me a request. Clubs may ask for \$250 for advertising of the event.

Include the following details in your request:

1. Club Name
2. Event Description
3. Advertising Plan: How you plan to use marketing (e.g., social media ads, flyers, radio spots, etc.).

Accountability and Effectiveness

To ensure that our marketing efforts are successful, we must demonstrate the impact of these funds. If your event has been held before, you'll need to provide a comparison of attendance numbers between the current event and previous ones to show the effectiveness of the marketing.

This is an exciting opportunity for all of us to shine a light on the remarkable work Lions do and to invite more people to join our cause. Together, we can grow stronger and continue serving our communities with even greater impact.

Thank you for your dedication and for being part of this journey. I look forward to receiving your ideas and requests soon!

Yours in service,
Bonnie Harrison
District Governor
Lions of Wyoming

Wyoming Lions Club's, Don't Miss the Opportunity!

Rocky Mountain Lions Eye Bank Eye Surgery Grant

In the past year the Lions Clubs from Sheridan County have had the opportunity to help with 5 eye surgeries. The surgeries have been for people that were unable to pay for their service, because they didn't have insurance to pay for all of the cost, and/or the means to pay.

These surgeries have been paid for by a joint effort between the Rocky Mountain Lions Eye Bank (RMLEB) Eye Surgery Fund Grant, 80%, Lions of Wyoming Foundation Grant, 10% and the 3 Lion Clubs in Sheridan County, 10%, Big Horn

Lions Club, Sheridan Sundowners Lions Club and the Story Lions Club.

The Lion Clubs from Sheridan County joined together in 1988 to pay for corneal transplants in both eyes, for an individual that did not have the ability pay or insurance. This was long before any help was available from the RMLEB Surgery Fund and the Lions of Wyoming Foundation. The Clubs still pay equal amounts regardless which Club applies for the Eye Surgery Grant.

Please go to the RMLEB website at <https://corneas.com>, click on Lions and then Eye Surgery Grant. You can then print everything, including instructions, application and verification. When that is done, please read the instructions and then read them again to make sure nothing was missed in the 1st reading. A couple of things you must remember are to get the application into the RMLEB office no later than the last day of the month before the Board of Directors meet. Look for this information in the instructions. This gives them time to ask any questions they may have before the Board meets and secondly, **the grant application must be approved before the surgery is performed**. They will notify you of the decision the week after the Board meets.

The application is a 5 page form and make sure everything is filled out and signed by everyone, Patient, Doctor and the Lion from the sponsoring Lions Club.

I have found that if you have any questions, staff at the Doctors Office may be able to help or call the RMLEB at 720-848-3937 or 800-444-7479.

When you have finished the application please send a copy to the RMLEB and the President of the Lions of Wyoming Foundation, either by mail or email. You can find the address information in the Lions of Wyoming District 15 Directory for 2024-2025.

Submitted by PDG Jim Rapp

Rocky Mountain Lions Eye Institute Foundation

For the advancement of eye research, education, and care
at the University of Colorado Anschutz Medical Campus

Seasons Greetings,

Thanks to the generous support of Lions and Lions Clubs in Colorado and Wyoming, the Rocky Mountain Lions Eye Institute Foundation (RMLEIF) continues to make a profound impact by raising funds for the Rocky Mountain Lions Eye Institute at the Sue Anschutz-Rodgers Eye Center. This partnership ensures patients like Christian receive sight-saving care.

At just 4 months old, Christian was diagnosed with retinoblastoma, a rare and aggressive eye cancer, when Dr. Scott Oliver discovered six tumors in his eyes. Today, at 4 years old, Christian leads a normal, active life, with glasses protecting his right eye and compensating for slight vision loss.

Lions' past contributions to RMLEIF have been instrumental in expanding and equipping exam areas, providing patient assistance for access to care, and supporting the low vision program which helps individuals with visual impairments maximize their remaining sight, maintain independence, and improve their quality of life.

As we look to the future, the need for expanded services and outreach continues to grow. Please consider donating to RMLEIF. Every gift, no matter the size, has a direct and meaningful impact on the lives of those we serve in our region.

Thank you for your ongoing dedication and service as we make a lasting difference in our communities.

With sincere appreciation,
Rocky Mountain Lions Eye Institute Foundation Board

Mission: To fulfill the wishes of eye donors and their families to help another overcome blindness through transplantation and research.

Q1 Updates

25 Years of Service

We wish to recognize and thank executive director, John Lohmeier, CEPT, on 25 years of service to the Rocky Mountain Lions Eye Bank (RMLEB)! John began his RMLEB career in 1999 as a recovery technician. He has worked a number of positions with increasing responsibility, including quality assurance manager, technical manager, and appointed as executive director in 2019. John has been published in seven research journal articles, and is certified through the Eye Bank Association of America as an eye bank technician.

Welcome, New Employees!

Since July, RMLEB has onboarded seven new employees into the technical department, including six Donor Recovery Coordinators (DRCs) and one Processing Support Technician (PST).

Circle of Light Still Going Strong

RMLEB board members, left to right: Lion Bruce Heimbeck, Lion Carole Kitchell, PDG Gwen Balk, PDG Ted Wenckus (Vice President), and Lion Glenn Stanko (President).

The Circle of Light Photo Project was officially installed at Denver International Airport in Concourse A in September. RMLEB board members took a tour before their board meeting. The exhibit can be viewed now through February/March 2025. New locations continue to be added for hosting the Circle of Light Photo Project; the most current schedule for locations and dates can be found at <https://corneas.org/colpp-exhibits>.

Colorado Gives Day

Colorado Gives Day is December 10, and online giving has already opened. You can make your year-end contribution online at coloradogives.org.

“Just a short note with high thanks for your family’s generosity. Thanks to you and your family I have great eyesight again. More than I ever expected to have again. Thanks so much.” – Cornea recipient, writing to the donor’s family

December 3, 2024

Good afternoon,

Over the past several months, a number of our partners in the donation process have been contacted by reporters regarding former eye bank employees and our organization. This has resulted in some negative media coverage recently on tissue and organ donation, including an article on the Rocky Mountain Lions Eye Bank.

First, let's be clear that Rocky Mountain Lions Eye Bank (RMLEB) is not under any kind of investigation and continues to maintain its accreditation with the Eye Bank Association of America (EBAA). We provided information to these reporters to help readers understand the importance of our work, the guidelines and policies followed to ensure our processes are to the highest standard, data to give context, and RMLEB shared stories of hope from our valuable donors and corneal transplant recipients. Much of this information was not included in the article. Additionally, we have updated our Frequently Asked Questions to further provide transparency and awareness: <https://corneas.org/Donation-FAQ>.

We are disappointed in the negative focus of this piece, which relies on the perspectives of several former RMLEB employees who have not been with our organization for multiple years. RMLEB, like most organizations, does not publicly comment on personnel issues. Nor do we discuss specific donations as a matter of privacy to donor families.

The former employees interviewed in this article do not represent our present-day workforce. We proudly continue to strengthen our culture and make RMLEB a great place to work. Because you are a trusted partner, we'd like to share a few of the many steps we are taking to prioritize culture: implementing new employee feedback structures, including one-to-one meetings with supervisors three times per year and 360 reviews; utilizing the Culture Index in our hiring process and employee development; and incorporating the organizational vision into our daily processes. Many of these activities are based on exit interview feedback, including input we received from the former employees interviewed for the article.

Again, beyond our own internal policies, control levels and best practices for national eye banking standards, we follow strict guidelines set by regulating agencies, including the EBAA and the U.S. Food and Drug Administration (FDA).

We appreciate your continued partnership and shared responsibility in giving people the gift of sight. If you have any questions or concerns, please contact our Community and Professional Relations Manager, Jenn Venerable, at jvenerable@corneas.org.

Thank you,

John Lohmeier
Executive Director
